This event will also feature Gordon Mutch (see picture below)

12 noon – 2.00 p.m.

Jurys Inn Aberdeen Airport

£40pp including VAT (inclusive of one course lunch)

## 'Life in the Fast Lane'

Mr Clark's early business results were achieved alongside a successful motorsports career as a BMW 323 driver. Success with BMW in Aberdeen led to other premium brands being added to the portfolio and subsequently formed the foundations for the establishment of additional dealerships outside Aberdeen.

Today the John Clark Motor Group represents well-known automotive brands across Scotland. Audi, BMW, BMW Motorcycles, Jaguar, Land Rover, MINI, SEAT, ŠKODA, Volkswagen, Volkswagen Commercials and Nissan, Renault, Peugeot and Dacia all form part of the John Clark Motor Group portfolio. The Group now has sites in Aberdeen, Cupar, Dundee, Dunfermline, Edinburgh, Elgin, Kirkcaldy and Perth that showcase the latest ranges of new cars and also stock a wide range of approved used cars. Under his continued direction the John Clark Motor Group has gone from strength to strength.

Aside from his love of cars and motorsport, Mr Clark has given considerable support to a number of charitable causes over the years including the Archie Foundation, cancer support services and more.

Mr Clark was awarded an OBE in the 2016 Queen's Birthday Honours list for achievements in business, charity and Scottish Motorsport.

The John Clark Motor Group have backed 15-year old former Turriff motorsport protégé Gordon Mutch for a number of years (see picture). Gordon is now residing in Lockerbie and was involved in karting from the age of just seven and is one of the hottest young Scottish talents to emerge from motorsport in recent years. He has now burst onto the Junior Saloon scene and was crowned British Champion in karting's Junior X30 class last September.
